The body of an unidentified white male was found along Highway W in Warren County, MO on 05/26/1987. It is estimated that he had been there for 4-5 days prior to discovery. The victim was found beheaded and his hands were cut off.

The victim was described as having very white skin and no tan on his arms. He had an irregular scar described as being "right of the mid-line", approximately 2 in. long. This scar is possibly from an old gun shot wound that was not treated professionally.

According to the autopsy, it is believed he had hypertensive heart disease and coronary artery disease with an enlarged heart. It is unknown if he obtained medical treatment for these conditions.

The victim was wearing:

- dark blue, short sleeve, "1987 Rose Bowl" t-shirt, size 1XL
- blue jeans, Oscar-De-La-Renta brand, unknown size, was hemmed 2 in. & had frayed ends
- brown leather belt with 2 in. gold buckle, Justin brand
- white Jockey underwear, JC Penny brand
- white Nike high top tennis shoes, size 9, possibly new (due to clean soles)

The victim had 82 cents in his front pocket, along with a 1983 gold colored token from the Kansas City International Airport.

It is believed the victim was killed elsewhere and his body was dumped.
