

Classification: Administrative Analyst II

Title Code: V00762

Pay Range: 21

POSITION SUMMARY:

This is a mid-level technical position where the employee performs work in the development, analysis, and evaluation of procedures, forms, records, communications, operations, and accreditation. The individual in this position will manage all activities necessary to maintain accreditation by the Commission on Accreditation for Law Enforcement Agencies (CALEA), including current and historical proofs of compliance files and coordination with designated component accreditation representatives. Work is performed under general supervision from a designated supervisor; however, the employee will work independently within established guidelines.

DESCRIPTION OF DUTIES PERFORMED:

(Any one position may not include all of the duties listed nor do the listed examples include all tasks which may be found in positions of this class.)

Analyzes and develops written procedures by conducting special surveys and studies.

Gathers and verifies organizational and procedural information to maintain and update departmental forms and procedures manuals.

Develops and designs current and proposed departmental forms, records, and communications.

Coordinates the departmental accreditation process and provides support to various accreditation functions as directed.

Reviews and files necessary directives, reports, and other documentation proving compliance with all CALEA standards; updates appropriate accreditation files.

Coordinates on-site assessments by mock assessment teams and/or official on-site and virtual assessments by CALEA.

Oversees and coordinates the activities of designated component CALEA accreditation representatives.

Provides information to the public, employees, and other agencies concerning accreditation.

Prepares and submits required reports to CALEA.

Investigates potential areas for technological improvement and provides technical support to the Criminal Justice Information Services Division (CJIS) regarding necessary internal automated processes..

Conducts surveys, method studies, system improvement studies, and analysis of all phases of departmental programs.

Reviews and evaluates the effectiveness of departmental systems/applications to ensure compliance with policies, procedures, and customer needs.

Performs other related work as assigned.
