

**Classification:** Senior Chief CVO (GHQ)  
**Title Code:** V07740  
**Pay Range:** 30

**POSITION SUMMARY:**

This is highly responsible administrative work in assisting with the direction of the Commercial Vehicle Enforcement Division. An employee in this class supervises the repair and testing of all weighing equipment used statewide by the division and those individuals that perform the maintenance and testing of the weighing equipment. The employee monitors the allocations of federal MCSAP funding spent by all troops and General Headquarters and manages the State of Missouri SAFETYNET system. The employee must exercise considerable independent judgment and discretion in contacts with subordinates, the public, and personnel from state, local, and private agencies. Work is performed under general administrative supervision.

**DESCRIPTION OF DUTIES PERFORMED:**

(Any one position may not include all of the duties listed nor do the listed examples include all tasks which may be found in positions of this class.)

Assumes the responsibilities of the division director in his/her absence, or as assigned.

Assists with establishing, monitoring, and managing the Commercial Enforcement Division's budget.

Assists with preparation of the CVE Division's Federal Motor Carrier Safety Assistance Plan/Budget, approves or disapproves requested expenditures and manages account balances, monitors division activities to ensure compliance with grant requirements, and prepares special reports as required by granting agency.

Assists the division director in establishing and administering the commercial vehicle enforcement program through functional supervision and coordination of field activities.

Assists in the development or revision of departmental policy relating to functions, services and procedures of the Commercial Vehicle Enforcement Division's state enforcement plan for MCSAP funding; purchases all MCSAP funded equipment and reviews bid specifications when required.

Works closely with the Missouri Department of Transportation on plans and specifications for the reconstruction of existing weigh stations to include facility layouts, building and floor plans, scale specifications (both static and motion), inspection pits, and other CVE related needs.

Works with the Information Systems Division personnel on computer hardware and software equipment for the electronic inspection program, assists with managing the intricate computer system such as the FMCSA SAFETYNET System, Traffic Management System and all other federal systems to ensure commercial vehicle data from inspections and crashes meet the federal reporting criteria.

Provides instruction to CVE personnel and other law enforcement personnel SAFETYNET reporting, computer generated inspections, commercial vehicle reporting elements, etc.

Works with the Federal Motor Carrier Safety Administration and Commercial Vehicle Safety Alliance to enhance the federal commercial vehicle inspection and accident reporting system.

**Classification:** Senior Chief CVO (GHQ)

**Title Code:** V07740

**Pay Range:** 30

Page 2
