DESCRIPTION: This Scale Maintenance Technician Apprentice or Scale Maintenance Technician position is assigned to the Missouri State Highway Patrol's Commercial Vehicle Enforcement Division. The official domicile for this position is Jefferson City, Missouri. This position is classified as non-exempt under the Fair Labor Standards Act.

POSITION SUMMARY:

Scale Maintenance Technician Apprentice - The Apprentice Scale Maintenance Technician is an entry-level position in becoming a licensed journeyman level Scale Maintenance Technician. An employee in this class works under close supervision. Assignments are received in the form of oral or written work orders and may be accompanied by sketches, penciled layouts, or blueprints. The employee works long, irregular hours in the outdoors in extreme weather conditions. Work includes the operation of a diesel truck with a manufacturer's rated capacity of at least 15 tons and extreme overnight travel. The work may be performed independently subject to inspection while in progress or upon completion, or may be performed under the constant supervision of a Scale Maintenance Technician or Chief Scale Maintenance Technician.

Scale Maintenance Technician - The Scale Maintenance Technician is a licensed journeyman-level employee who performs skilled electrical and mechanical work in the maintenance, repair, overhaul, inspection, remanufacturing, and testing of Highway Patrol wheel load, axle load, full vehicle scales, and clinical scales throughout the state. The work involves adjusting, altering, repairing, or fabricating electronic and mechanical parts. The employee may work closely with contracting companies and the Missouri Department of Transportation (MoDOT) in the installation and acceptance of full vehicle platform scales and equipment associated with the Intelligent Highway System related to the monitoring and tracking of commercial vehicles for compliance with state and federal laws and regulations. Testing and repairing postal, warehouse, UPS, and evidence weighing devices used by other divisions within the Highway Patrol. An employee in this class may perform minor construction and repair of other equipment at a weigh station. The employee works long, irregular hours in the outdoors in extreme weather conditions. Work includes the operation of a diesel truck with a manufacturer's rated capacity of at least 15 tons and extreme overnight travel. Work is performed in extremely soiled and unsanitary environments and involves exposure to hazardous situations. Work is performed under general supervision of a superior and work is checked through performance of equipment and through occasional inspections.
